

Accessing the Epic Playground

Introduction

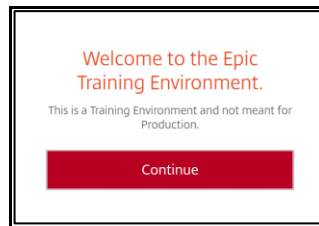

It is recommended that all users practice in the Epic Playground (PLY) after attending training. This practice will assist in you becoming proficient in the workflows and functionality you learned while attending training.

Logging into the Epic Citrix Storefront

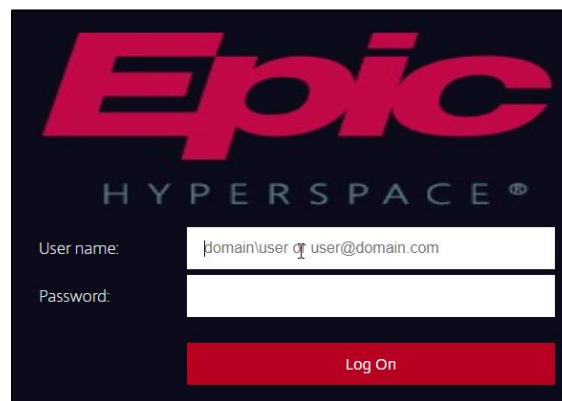

1. If not at a UH facility, connect to the UH environment via VDI or VPN.

Note ► Contact the Help Desk at 216-844-3327 if you need assistance connecting to the UH Network.

2. Click <https://epictraining.uhhospitals.org/> or type the address into your Chrome browser.
3. Click the **Continue** button.

4.  The Epic Hyperspace Login screen appears.

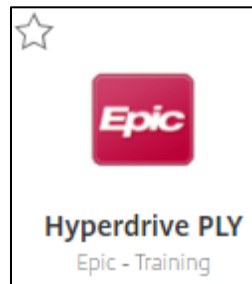

4. Enter your **UH network User name** and **Password**.

Logging into the Epic Playground Environment

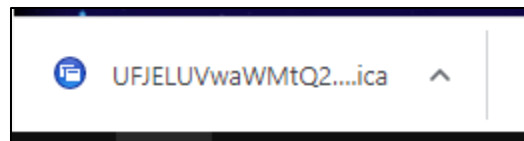

1. Once logged into the Epic Citrix Storefront, click the **Hyperdrive Training** tile.

2. Click the **Hyperdrive PLY** icon.

-  The file download appears on the bottom left of your screen.

3. Click the file download.
4. Login to the Hyperdrive PLY environment with the **login from your classroom information sheet**.

Note ► You will not be able to login to PLY with your own UH network username and password.

Note ► If you do not have a classroom information sheet, click [here](#) to access training logins, passwords, and patient names (if needed).
